

ARCHIVISTS REPORT TO THE FULL COULCIL MEETING

It is pleasing to report that the refurbishment of the Tom Whittle Library is almost complete. I would like to record my thanks to the staff involved for their tireless work in this respect.

During the past few months we have received several donations and I hope to have them all recorded during the coming year.

As you will all know our dear friend and aero modelling historian, Ron Moulton passed away, I will certainly miss his friendly advice and knowledge.

Ron has bequeathed some of his books to the Society, these are to be collected during the next few weeks.

Kath Watson, FSMAE.
Vice President & Archivist
