

**ALMOST READY TO FLY AIRCRAFT (ARTF)**  
**FAULT REPORTING FORM**

**The British Model Flying Association Working For You**

The purpose of this form is to enable the British Model Flying Association to collate information on reported faults with ARTF aircraft so that the depth of the problem may be assessed and subsequent national action taken where necessary.

Any model flyer who discovers a fault with an ARTF aircraft is entitled to submit this form but in the interim he or she should exercise their rights under the Consumer Protection Act and rigorously pursue their complaint through the retail outlet they obtained the kit from. If they have suffered collateral damage as a result of a crash, e.g. damage to an engine or radio equipment, they may also be entitled to compensation for this damage.

Please complete this form as accurately and concisely as possible giving full details and photographs of the faults wherever possible. You are required to sign and date the form should you wish it to be included within the survey. **Anonymous or unsigned forms will not be accepted.**

**Reporter's Details**

Full Name.....BMFA Number (if applicable) .....

Full Address .....

.....  
.....

Tel No ..... Email .....

**Model Details**

Manufacturer of Model .....

Name of Model .....

Did you **fully** comply with the manufacturer's instructions and recommendations? YES/NO\*

If you answered "NO", how did you deviate from them?
